M. WITTE RECEIVES A ROYAL WELCOME

Russia's Chief Peace Envoy Arrives at St. Petersburg.

RAISE FOR AMERICAN NATION

As He Alighted from Train the Large Crowd that Was Present Broke Out Into Long and Loud Cheers—In a Short Speech He Thanked Them.

St. Petersburg, Sept. 29.—M. Witte arrived here today and was accorded a hearty reception by a large crowd of officials and other. In a brief speech replying to a welcoming address M. Witte showed clearly that he was deeply touched by the welcome with which he was received. When he left St. Petersburg in July a small delegation of officials accompanied him to the railroad station to bid him farewell. There was no public demonstration whatever. Today there were seven or eight times as many officials despite the early hour of arrival, and an enthusiastic crowd of five to six hundred people. Among the officials present were Baron Nolde, general secretary of the committee of Minister M. Wyshnegradsky, former finance minister director of the International Bank; M. Obeko, councillor and chairman of the press reform committee and many other prominent officials who had been M. Witte's former colleagues or subordinates.

The crowd had collected near where M. Witte would descend from the train and when he appeared they broke out into long and loud cheers for which M. Witte bowed acknowledgements.

The spokesman then advanced and read the address of welcome all in the meanwhile standing bareheaded. The address read:

"You have accomplished your difficult task, and the nation is grateful to you. You have given the credit for your success to Emperor Nicholas, President Roosevelt, Emperor William of Germany and the press. You have forgotten only yourself. We, however, fully appreciate your services to your country. The tree you planted at the Washington homestead at Mt. Vernon will serve as a token of the union between the two nations. You have done much. For ourselves and for those who are absent, we will once more shout a hearty hurrah."

When the cheer had died away M. Witte, who seemed deeply moved by the sincerity of the welcome, advanced a few steps and delivered his reply. He said:

"I was so little prepared for this kind of a reception that I must ask your pardon for the incohence of my words. I have performed by duty well because I have strictly obeyed his majesty's instructions, because circumstances favored me, because the world is weary of this bloody war, because all classes of American society from President Roosevelt down were in sympathy with my and our cause, because I was true to my country and her and our interests."

M. Witte's last word was followed by further loud and hearty cheering, after which slowly advancing toward the entrance, he shook hands with the deliverer of the welcoming address and his friends and former colleagues.

The crowd followed closely toward the door where an open carriage was in waiting.

Wrecked Ship Blown Up.

Port Said, Sept. 29.—The wreck of the British steamer Chatham which was sunk in the canal Sept. 6 in order to prevent an explosion of a large quantity of dynamite which formed part of her cargo, while the ship was menaced by flames, was blown up this morning. The explosion was tremendous, and the enormous displacement of water was visible from a point 5 miles distant, where the operations of blowing up the vessel were conducted. It is believed that the whole of the Chatham's dangerous cargo was destroyed. Engineers are investigating the damag done to the canal by the explosion. The explosion was not felt at Port Said.

MOTHER AND SON ARRESTED.

For the Killing of Georgia Man—Accuse Each Other of Crime.

Newton, Ga., Sept. 29.—One of the most remarkable cases to come to light in southern Georgia in a generation is that of the Milners, mother and son, one of whom is the slayer of the husband and father, Raleigh Milner.

Raleigh Milner was shot and killed at his home, in Baker county, on the night of the 15th instant. Next day his son, Quentin Milner, 17 years old, was arrested and jailed, charged with the killing. The young man feigned insanity, his conduct while in charge of the officers, and after being placed in a cell being such as to lead the casual observer to believe he was insane.

Mrs. Milner was one of the witnesses at the hearing. She testified that her boy killed his father, but swore that Quentin was asleep at the time. She asserted that he young man had been having "spells" for a year past, and that one of these was responsible for the deplorable tragedy.

But the inexperienced youth was unequal to the task which he had assumed. He had been behind the bars just six days when he broke down. Sending for several prominent citizens of Newton, he confessed to them that he had been shamming. He declared, furthermore, that his mother had killed his father, and that it was at her instigation that he (Quentin) had feigned insanity.

Mrs. Milner was then arrested and jailed. She sticks to her former story that Quentin killed his father.

BRYAN WRITES ROOSEVELT.

Tells the President to Stand by His Guns and Demand Reform.

Lincoln, Neb., Sept. 29.—William J. Bryan has written another letter to President Roosevelt which has been made public. He says in part:

"To President Roosevelt: Ptrmit a parting word. You have the contest of your life before you, and I desire to render you all the assistance in my power. You have asked congress to enact a law so enlarging the powers of the interestate commerce commission as to permit it to fix and enforce a reasonable freight rate, and the railroad lobbyist was strong enough to stop in the senate the bill passed by the house. The railroad magnates expect to block the passage of the bill again.

"Stand by your gun! You have developed a reform element in the Republican party; you must lead or suffer the humiliation of seeing the leadership pass to some one else.

"Go forward; you owe to yourself, you owe it to your party, and, more than all, you owe it to your country." William J. Bryan."

Desperado Still at Large.

Savannah, Ga., Sept. 29.—The posse that went to a dance in Bryan county Wednesday night thinking that Will E. Simms, the white desperado, who is terrorizing the county, might be there, had their trouble for their pains. Simms did not show up. Simms who is charged with two murders—that of Seaboard Air Line Conductor Julius Landsberg, and James Perry, a negro—may have left the vicinity of Ellabell. He was seen near there. He was heavily armed, as usual. Some seem to believe that Simms is moving toward his old haunts in Liberty county. Those who saw him say he was headed in that direction.

Ship Crashes Into Pier.

New York, Sept. 29.—Through a misunderstanding of signals the Trinidad Steamship company's steamer Granada crashed into her pier at almost full speed while trying to make the dock today. The pier was almost demolished. A number of longshoremen were injured, five so badly that they were taken to a hospital. Part of the pier was knocked over on top of the barge Mott Haven, which was moored there. The captain of the barge and his wife were buried under a pile of wreckage but were rescued only slightly injured. The superintendent of the pier and several other dock hands also were buried beneath piles of the debris, but were taken out only slightly hurt.

RAIN CASTS GLOOM OVER STRICKEN CITY

However, the Situation is Satisfactory to Officials.

QUARANTINE AGAINST MOBILE

Mississippi Authorities Place Restrictions on Alabama City—The Situation in the Rural Communities Gradually Grows Brighter.

New Orleans, Sept. 29.—Though the fever situation was much imporved today was a gloomy one, the skies filled with heavy clouds and a heavy wind was blowing over the city. There was a considerable fall in the temperature.

The early reports promised another low record of cases, comparatively few being turned in by doctors and inspectors. There were only two deaths during the night.

Dr. Von Esdorf, who reported here today from Tallulah, made arrangements to leave for Pensacola tonight. He talked with Dr. White on the north Louisiana fever situation.

Rain Continues in New Orleans.

The rain which started here early yesterday morning continued ceaselessly through the night and was still falling early today. The low record of new cases during the preceding 24 hours, the lowest since July, gave general satisfaction in the city, but the authorities were not disposed to exult prematurely, believing that the heavy downpour might have had an effect in pulling down the total. Some sections of the city have been under water making communication difficult and it is possible that some cases were unreported for that reason.

On the other hand, it is believed that the turn of the tide probably has been reached, and that even if there were isolated cases here and there which were not turned in to the authorities, there will hereafter be a steady weekly decline in the fever until it entirely disappears.

In the interim Dr. White urges the public not to give way to over-confidence, but to prosecute its fight against the mosquitoes as relentlessly as it did at the beginning of the campaign.

The country reports continue to be exceedingly gratifying. Yesterday there were 56 cases throughout the state communicated to the state board, but the reports from some points covered several days. There was a total of only four deaths.

Kenner had a clean record, as to new cases, for the first time since the fever started. There have been a total of 200 in that vicinity. Lake Provdence was heard from again, the illness of the telegraph operator having suspended communication. There are only 14 cases under treatment there now, the total to date having been 270 with 19 deaths.

Dr. Esdorf returned here today from Tallulah, the crisis being over there and brought with him nurses from Tallulah and Lake Providence, their services no longer being needed.

Bunkie reported its second death since the fever started, the victim being Peter Facley, carperter of the oil works, whose parents live in Jackson, Miss. The other important death in the state yesterday was Dr. Anderson. He was a graduate of Tulane university here and related to the Parker, Buckner and other prominent families of Louisiana and Mississippi.

Five New Cases at Natchez.

Natchez, Miss., Sept. 29.—Five new cases of yellow fever were reported this morning—one white and four negroes. Twenty-six are under treatment. Total cases to date 77. The weather is cool but the temperature is too high to prevent the stegomyia from biting.

Mississippi Quarantines Mobile.

Mobile, Ala., Sept. 29.—Dr. Gully president of the Meridian, Miss., board of health, and Dr. Talus, health officer of the same city, arrived in Mobile this morning and left immediately for Whistler, where they will make a thorough investigation of the health conditions existing there.

The action of the Mississippi authorities in quarantining Mobile because of the alleged appearance of one case of dengue fever at Whistler is condemned on all sides and protests will be entered by the commercial bodies of the city.

MILITARY ATTACHES DEPART.

Officers of Foreign Country Who Were With Russian Army Start Home.

Gunshu Pass, Manchuria, Sept. 27.—(Wednesday)—The Tartar general of Heilungchiang province has been transferred to Kirin for the purpose of institutinf orders following the evacuation of the foreign troops.

He has already begun military operations to suppress the Chinese bandits who lately were in the Russian and Japanese service. The Chinese estimate that the bandits in eastern Heilungchiang a thousand strong.

The Tartan general has issued proclamation calling on the outlaws to give up their arms as peace has removed the necessity or their services. At the same time the general is dispatching a regiment of native troops to suppress the bandits.

No official Chinese notification of peace has yet been made.

Sixteen military attaches representing eight nations bade farewell to General Linevitch Sept. 24 at Kirin.

General Linevitch entertained them at a dinner.

Brigadier General Barry, U. S. A., as senior attache, was spokesman in behalf of the others. The attaches formally bade farewell to General Kuropatkin Sept. 23.

There are evidences of breaking up of the army. Arrangements are being made at Kuanchentsu for the withdrawal of the troops immediately after the peace treaty is ratified.

THIRTY JAPANESE MURDERED.

Natives of the Settlement of Upika Attack Fishermen.

San Francisco, Sept. 29.—The Examiner says that thirty Japanese fishermen were murdered by the natives at the settlement of Upika, which is situated on the Kamchatka peninsula and a similar fate would have been visited on ten other men if they had not managed to make their escape to the American codfishing vessel Castle, which was waiting anchor close to the settlement.

The Japanes belonged to fishing schooners whose home port was Hakodate. The ten survivors were kept on board the Castle for several days, and then in a large sampan amply provisioned by Captain Ipstn, they set out for a Japanese settlement some distance away.

The news of the massacre was brought here on the Castle which arrived from a codfishing cruise in the Okhotsk sea yesterday.

Mystery Yet Unsolved.

Boston, Sept. 29.—No progress in the solution of the suit case mystery seemed evident today, although the police were hopeful of obtaining early results from their investigation. A search of Winthrop Cove by divers for the head and limbs of the victim of the tragedy was resumed, and it was announced that this would probably be continued for several days. The state police received from the Harvard Medical school today the probable measurements of the woman's body in life. They were deduced from the most careful measurements of the torso and calculated by rules declared by experts to be infallible. The report says that the woman was 5 feet, 4 inches in height, not less than 18 nor more than 26 years of age, and from 130 to 140 pounds in weight.

Moroccan Agreement Signed.

Paris, Sept. 29.—Premier Rouvier and Prince Von Redolin, the German ambassador, at noon today signed the Franco-German accord concerning the Moroccan conference, thus definitely terminating the difficult negotiations. Preceeding the signature Dr. Rosen, representing Germany, and M. Rouvier, on behalf of France, met at the foreign office and went over the final details of the protocol. The official details of the accord will be given out later.

PEACE NOW REIGNS IN BAKU, CAUCASUS

Tartars and Armenians Celebrate Reconciliation.

BUSINESS HAS BEEN RESUMED

Oil Men Are Ordering New Machinery to Replace that Which Was Destroyed During the Riots—Workmen Will Get Reforms Asked For.

Baku, Caucasus, Sept. 29.—With the formal ratification of peace between the Tartars and Armenians here the order confining the inhabitants to their houses after 8 o'clock in the evening has been revoked and street traffic and the ordinary course of life are being resumed.

Masses of Armenians and Tartars are thronging the cathedral and the mosques and are joining in processions to celebrate their reconciliation.

An investigation of the damage has established the fact that two-fifths of the derricks in the oil fields have not been destroyed, the derrick owners reporting that 1,996 out of 3,412 derricks were burned.

When the 3,412 derricks were active the daily output of oil was 17,500 tons.

The oil men decline to resume pumping from the remaining wells or engage in the work of reconstruction until the cnoclusion of the naphtha conference at St. Petersburg, in which at the request of the owners' representatives, the workmen will participate. It is anticipation, however, that the government will grant reform guaranteeing the safety of life and property in the future, the oil men are placing large orders for machinery and material to be used in the reconstruction.

Mountain Split in Two.

New York, Sept. 28.—A Rome dispatch to the Herald says that a mountain near Ajell called Pietra Caloni a 300 metres higa, split in two pieces yesterday owing to the shocks of the earthquake, and threatened to bury the town. All the inhabitants have fled. There was a terrible cyclone at Spearanis, in he province of Caserta. All the trees and telegraph poles were uprooted, houses were damaged and several persons were killed and injured.

Illinois Bank Robbed.

Cairo, Ill., Sept. 29.—Burglars early today entered the private bank of P. Burnett & Sons, at Eldorado, Ill., wrecked the vault and carried off between $8,000 and $10,000 in currency and gold. Many shots were exchanged between the burglars and the citizens, but owing to the darkness, none of the shots took effect. Bloodhounds have been put on the trail of the burglars.

Hitch in Negotiations.

Seoul, Sept. 27.—(Delayed in transmission.)—Colonel Otis and General Cossenffsky, the Japanese and Russian representatives in north Korea met Monday afternoon, Sept. 25, and again discussed the terms of the proposed armistice. The Russians would not agree to the Japanese proposals and the armistice has been postponed awaiting instructions from General Linevitch.

Request Return of Flags.

Jackson, Miss., Sept. 29.—The Confederate organizations of Mississippi have joined in a request for the return of two Mississippi battle flags now stored in the Colorado capitol building at Denver. It has been intimated that the return will be made on the receipt of a proper request. The flags are now in the custody of the Grand Army of the Republic.

Must Improve Mail Service

Washington, Sept. 29.—Failing to secure satisfactory mail wagon service in New York city by reason of the continued strike of the drivers, the postoffice department today announced that the contractor and his sureties have been formally notified that an improvement must be made at once or summary action will be taken under the contract.

ALFALFA IS PROLIFIC.

One of the Best Stock Feeds and Prolific Bearers on the Farm.

T. B. Lanier of Tavares, who has been in the city for the past two days, brought from the farm of Judge P. B. Weaver, who resides near Leesburg, a sample of alfalfa, which is regarded as one of the best and most nutritious stock feeds that can be produced. The sample in question is twenty inches high and came from the seventh cutting from the same sowing from ordinary pine land.

Mr. Lanier states that many of the farmers of Lake county are turning their attention to alfalfa as a stock feed for two reasons—first, prolific and continued yield with original planting, and second for the superior nutritious qualities of the weed, which is similar in this respect to the velvet bean. It has been demonstrated that this weed will harvest four tons to the acre each cutting on ordinary land.

Parties interested may secure further information regarding this forage by writing to Mr. Lanier at Tavares or Judge P. B. Weaver of Leesburg.

THIS WAS RAINING SOME.

If Weather is Moist Today, Will be Sixteenth Consecutive Saturday.

It is no wonder that the farmers in this immediate vicinity are complaining of the damage to their respective crops by continued rains, for they have a right to do so—and their statements must be correct.

This has been the wettest season in Gainesville and vicinity, and in fact throughout the entire county, for many years. If the sky-juice falls in this city today it will be the sixteenth consecutive Saturday, which fact has also proved detrimental to commercial trade, as all merchants have been complaining that the conditions of the weather prevented the country people visiting town.

The rain has not been confined to one special day in the week, but almost every day there has been a deluge.

Abscess.

Abscesses, with few exceptions, are indicative of constipation or debility. W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world." Sold by W. M. Johnson.

Animals and Flesh Eating.

Arguing against the eating of meat, an English writer remarks: "Almost any animal can be made to eat flesh. The kangaroo has canine teeth. Horses, oxen and sheep may be taught to eat flesh. Norwegian cows have been known to eat flesh. Goldsmith saw a sheep eat flesh. A carnivor sheep is now in London. Spallanzani has shown that a pigeon may be made to live on flesh and an eagle on bread."

Beautiful Comparisons.

The horse shares with woman the gift of the greatest animate physical beauty, and the classification does the lady no discredit. As for man, his partner in pulchritude is away down the line, probably a mule and maybe a burro.—San Francisco Call.

The Last Word.

"Does your wife insist on having the last word?" said the man who asks impertinent questions.

"Certainly not," answered Mr. Meekton. "She doesn't have to insist."—Washington Star.

Be extraordinary in your excellence if you like, but be ordinary in your display of it.—Balthasar Gracian.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, billious fever and malaria." Sold by W. M. Johnson.

Mississippi Mob After Negro.

Meridian, Miss., Sept. 29.—George Evans, a negro, who had just served a sentence of eight years for manslaughted, criminally assaulted a 15-year-old negro girl near Voseburg, 40 miles below this city. A posse of white and negro men are now in pursuit. Evans remaintd in the neighborhood of the crime. Hounds were secured by the deputy sheriff, and a man hunt is now in progress. Negro members of the posse declare they will lynch Evans if he is caught.

Your Life Current.

The power that gives you life and motion is the nerve force, or nerve fluid, located in the nerve cells of the brain, and sent out through the nerves to the various organs.

If you are tired, nervous, irritable, cannot sleep; have headache, feel stuffy, dull and melancholy, or have neuralgia, rheumatism, backache, periodical pains, indigestion, dyspepsia, stomach trouble, or the kidneys and liver are inactive, your life-current is weak.

Power-producing fuel is needed; something to increase nerve energy—strengthen the nerves.

Dr. Miles' Restorative Nervine is the fuel you need. It feeds the nerves, produces nerve force, and restores vitality.

"When I began taking Dr. Miles' Restorative Nervine and Anti-Pain Pills I was confined to my bed. I had severe nervous spells, the result of two years illness with malaria. I gradually grew so weak that I was unable to sit up. The spells would commence with cold chills, and I would become weak and almost helpless. My circulation was poor. I had doctored right along but grew weaker and weaker. The Nervine seemed to strengthen me right away and my circulation was better. I have taken in all seven bottles of the Nervine, and I am entirely well."
ROSA E. WEAVER, Stuarts, Ia.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

GINS ALL BUSY AT ALACHUA

Five Hundred Bales Reported Turned Out So Far.

650 BALES ARE IN STORAGE

Monteocha Ginner Has Turned Out Fifty-Five Bales So Far, but Expects to Gin One Hundred More—Crop Open in Field, but Labor Scarce.

The cotton season at Alachua seems to be at its heigth just now. All three gins of that town are busy, according to reports, and five hundred bales were turned out from the Alachua gins up to Wednesday of the present week.

The Alachua Cotton Warehouse Company has now in storage about six hundred and fifty bales of cotton, including a few bales left over from last year's crop.

Geo. W. Maines, who conducts a ginnery at Monteocha, was in Gainesville Friday. He is operating three gins, and reports that he has turned out so far this season fifty-five bales. He may possibly gin 100 bales more, making a total of 155 this year, against 226 last season.

Mr. Maines states that the cotton is about all open in the fields, and the farmers are now busy picking. The same report comes from the Alachua section. Pickers are very scarce, and some planters are offering as high as $1.25 per hundred for gathering, but find it impossible in many instances to secure labor at that price. The negroes, who comprise principally the cotton pickers, are offered better inducements in the saw mills and naval stores farms, where they prefer to work.

The condition of all crops has been more or less retarded by adverse weather conditions, but it is evident that cotton has suffered most.

DEATH OF COL. LUTTERLOH.

One of Cedar Key's Oldest Citizens Passed Away Thursday.

Information reached this city Friday of the death of Col. E. J. Lutterloh, which occurred at his home in Cedar Key, Thursday night, in the eightieth year of his age.

Deceased was one of the oldest residents of Cedar Key, having resided in that town for the past forty years. No man was probably more widely known in Levy county, and his death, while no surprise on account of his age, will be received with keen regret by the people.

Deceased was a veteran of the Confederate war, having held a captain's commission. After the war he settled in Cedar Key, then a small hamlet, little more than a trading post.

The funeral will be held at 10 o'clock this morning, Rev. Francis H. Craighill of Holy Trinity Episcopal Church, this city, conducting the ceremonies.

Deceased was an uncle of J. B. Lutterloh, well known in Gainesville. Sympathy is extended to surviving relatives.

THE YELLOW FEVER.

Pensacola People Appealed to—The New Orleans Record Brighter.

Pensacola, Sept. 29.—There had been four new cases up to noon today, but no deaths were reported. The report for yesterday was seven new cases and five deaths. Dr. Porter has been fighting a hard proposition here, and the ministers of the city have appealed to the people to co-operate with him.

At New Orleans.

New Orleans, Sept. 29—From 6 p. m. yesterday until noon today, there were 10 new cases and two deaths. The weather has been bad, yet the doctors have been steadfast in their efforts.

An Animated Mix Up.

An exciting scene was witnessed on North Garden street yesterday when the mule attached to the delivery wagon of McCormick & Howe decided to take a spurt. The wagon contained about fifteen boxes of crackers, with about the same number of assortments, and when the wagon struck a tree at the corner of West Mechanic and North Garden streets, crackers flew in every direction. There were soda crackers, sweet crackers, ginger snaps, nic-nacs, five o'clock teas and various other kinds, the appearance of which, scattered on the ground, caused the small boy's mouth to water and his eyes stand out like two buckshot attached to a string. The damage was slight, but McCormick & Howe will experience little trouble from securing an assortment from either box of this lot.

Thousands Have Kidney Trouble and Never Suspect it.

How To Find Out.

Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of **Swamp-Root** is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention this paper and don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y.

WILL MOVE TO THE WINDY CITY

Many Brokerage Offices Will Make Their Headquarters in Chicago.

Chicago, Sept. 29.—The Inter-Ocean says today:

The clerks and officers are affected by the Wall street speculation, a number of large industries are to move their general offices from New York to Chicago, according to the reports circulated with the announcement that the $40,000,000 American steel foundries corporation will make such a change next month.

William 7. Kelly, president of the concern said yesterday that temporary quarters had already been rented to start the general offices.

Mr. Kelly would not discuss the report that the removal was due to the instance of Wall street excitement upon employes with responsible duties.

It is said that there are a number of other firms considering the same move and for the same reported reason. Their names could not be ascertained yet, but they are believed to be concerns that moved from Chicago to New York several years ago.

PLEAD GUILTY OF MURDER.

Confessed to the Killing of His Wife, Who He Says Was Unfaithful.

Chicago, Sept. 28.—Jacob Hart, who is without legs, dragged himself into the court of Judge Barnes yesterday and whispered to Assistant State's Attorney Barbour that he was anxious to enter a plea of guilty to a charge of murder.

Mr. Barbour explained to Hart the seriousness of such a plea and that the court had the power to inflict severe punishment on it. The crippled defendant, however, said he understood his position and the plea was allowed to be entered. Sentence will be imposed in his case Friday.

Hart confessed that he shot and killed his wife Marie June 15, 1905. He accused her of being too friendly with other men, and when she refused to explain where she had been the night previous, he drew a revolver and shot her. He also shot himself in an attempt to commit suicide, but he recovered.

If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

Prepared.

A Kansas City druggist says a wealthy west side man came into his store Sunday morning and, throwing a dime on the show case, said:

"Give me two nickels for that, please."

"Going to try a slot machine?" asked the druggist pleasantly.

"No," replied the wealthy man. "I'm going to church."—Kansas City Times.

THE MALE CRICKET.

Curious Treat He Develops For the Lady of His Choice.

In the American Naturalist J. L. Hancock gives an interesting description of some of the habits of the striped meadow cricket. The most striking part of the account deals with the allurements which the male crickets possess. When he wishes to attract the female the male cricket raises his fore wings vertically above his head and by rubbing them over each other produces a high pitched singing, or, perhaps better, shrilling. When the female's attention has been attracted she goes to the male and proceeds to take advantage of the refreshments offered. Upon the mate's back, situated well forward on the thorax, is a little depression or well in which a small quantity of semifluid material is secreted. Climbing up on the male's back, the female eats this apparently delicious morsel with great eagerness. It is evidently something especially choice which is formed there for her especial benefit. This proceeding suggests that treating as a means of winning a lady's love is not confined to the allurements of ice cream and soda water. — Collier's Weekly.

England's Newspaper Tax.

On June 15, 1855, England's newspaper stamp duty was abolished and the reign of the cheap daily began. This "tax on knowledge" was first imposed in 1712 and was made most severe by the act of 1820, which fixed it at 8 cents a sheet, with 87 cents duty on each advertisement. The Whigs reduced the duty to a penny in 1836, but when the Crimean war broke out and every one wanted the news even a penny duty was found to be intolerable. Its repeal is called the Magna Charta of the British press.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

MacMahon's Epigrams.

When Marshal MacMahon in the Crimean campaign took the Malakoff by storm and wrote his celebrated dispatch, "J'y suis, j'y reste" ("Here I am; here I stay"), these words made him famous all over the world. Yet his friends said that the worthy soldier had written them in the most matter of fact manner, with no thought of phrase making. The most surprised person over the success of this epigram was MacMahon himself.

Ancient Jewelry.

The jewelry found in an excavation near one of the pyramids of old Memphis, Egypt, exhibits about as much skill in working gold and precious stones as now exists, although the articles found were made 4,300 years ago. The figures cut on amethyst and carnelian are described as exquisite and anatomically correct. The gold is skillfully worked, and precious stones are let into it so as to give the effect of enameling.

The State School for the Deaf and Blind opens for the year next week, Tuesday.

The pineapple growers at Boynton have been greatly benefited by the recent rains.

The striking cigar-makers in St. Augustine will soon be settled down to work again.

Jacksonville will hold an election next Tuesday for bonding for public improvements.

The city council of Pensacola has passed the Jim Crow street car ordinance over the mayor's veto.

The St. Augustine city council says the gas company must pay an occupation tax of $1,000 to the city.

The Daughters of Rebekah of St. Augustine celebrated the 54th anniversary of the order last night.

Key West is finding fault with the quality of electric lights furnished the city, and there is talk of another plant being started.

T. R. Puckett of The Rockledge News has gone to Washington, D. C., where he has a position in the Government printing office.

The St. Augustine ball team at last found a team of country boys at Moccasin Bend that they could beat, the latter being one man short. The score was 8 to 1.

The State University at Lake City opened Wednesday with an enrollment of 150 students. The prospects are favorable for a very successful school year.

Willie Dickens of Lake Kerr has a hen that will get on the fence and crow as lustily as any rooster in the country, yet this tomboy of a "biddy" lays an egg every day.

The people along the Atlantic Coast Line from Tampa to Fort Myers are making an effort to secure better mail facilities on the trains which run between Tampa and Fort Myers.

Most of the pineapple growers at Jensen are making improvements on their places. Some are building sheds over their pines. Some are replanting and some are setting new plants.

The orange groves through Caloosa, Owanita and Alva are looking fine and show plenty of fruit, although the old groves are not fruiting as well as a year ago, there being about 75 per cent of last year's crop.

The many friends of L. J. Brumby, publisher of The Florida Fruit and Truck Grower at Ocala, will regret to learn that he is again confined to the house with illness, having but recently recovered from a long sickness.

Judge Wall has dissolved the injunction restraining the Tampa board of public works from selling the Tampa Bay Hotel electric plant. Total injunctions to date, 11; injunctions dissolved, 8; paving injunction anticipated and the processes are now pronounced epidemic. The pesky trouble cannot be quarantined.

The big department store of W. D. Smith & Co., of Perry, was destroyed by fire Wednesday morning. The building was a two-frame structure, the second story being unoccupied. The stock and building were partially insured. Origin of fire unknown.

Chief of Police Eaton of Lake City captured seven "blind tigers" in that city Monday. The names of the parties are: Ben Styles, A. P. Alexander, Lewis Hart, Thomas Brown, Jim Johnson, Eugene Bell and Mary Bell. The chief of police and sheriff are working their best to stop these joints from doing business.

The big Chautauqua tabernacle at DeFuniak Springs is to be used as the main exhibit building for the big fair to be held there November 1-4, full particulars of which are given in the handsome and complete premium list just issued, copies of which will be sent free of charge to all who write the secretary, R. THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

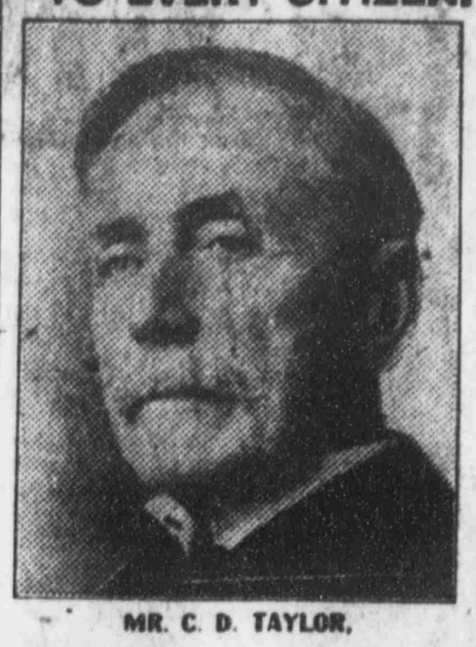
OF VITAL INTEREST TO EVERY CITIZEN.



MR. C. D. TAYLOR,

CLERK BOARD OF HEALTH SAYS PE-RU-NA HAS BECOME THE FAMILY MEDICINE OF THE WORKING PEOPLE IN HIS CITY.

Mr. C. D. Taylor has been Clerk of the City Board of Health, Jacksonville, Fla., for ten years, which position has afforded him amply opportunity for noting the best means of preventing and curing disease.

He expresses his approval of the use of Peruna as the most effective means of solving a problem of such vital interest to the community in the following letter:—

"The health of the poor of a large city is always a question of vital interest, not only to the city officials but to every citizen. It has been a source of much satisfaction to me to find that so large a number of working people in moderate circumstances have accepted Peruna as their family medicine. It has cured a large number of cases especially of catarrh of the head, lungs and stomach and building up the general health it cannot fail but prove a help and blessing to any community where it is generally adopted and used. I have found it an honest, reliable remedy and am pleased to endorse it."—C. D. Taylor.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Confessed Dishonor to Free Man.

Denver, Sept. 29.—Spencer V. Dicks walked out of the state penitentiary after having served five years of a sentence of twenty-five years for killing O. R. Miner, near Greenland, O. in order that he might go free, Mrs. Minnie Bowen, of Florence, Colo., confessed her dishonor and established thereby the fact that Dicks was not guilty of a cold-blooded murder.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

LITTLE BOY HELD FOR RANSOM.

"Black Hand" Demands $500 or They Will Kill the Prisoner.

New York, Sept. 29.—Antoine Mareanein, the 6-year-old son of Frank Mareanein, a Brooklyn contractor, has been missing since last Sunday, and his father believes he has been kidnaped to secure a ransom by the "black hand" methods.

Two weeks ago the father began to receive letters demanding $500 on pain of abduction of a member of his family. Since the boy has disappeared he has received four others offering to return the boy if $500 is paid. In one letter a threat is made to "return the boy in a box," if the money is not paid.

An odd coincidence to which the police give some attention was the fact that Maraenein and a boy cousin of Brooklyn who was kidnaped several months ago and that Salvatore Mannino, the uncle of the boy, and who returned him to his parents, cannot be found by the police.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

The Possibilities.

A Richmond (Va.) judge tells a story which illustrates the difficulty met in trying to stop the carrying of pistols. A tough youth was brought before the judge, charged with firing a revolver in the street. The testimony in the case was to the effect that the young hoodlum had filled himself with whisky and had discharged his weapon in a crowded street. "Twenty dollars and costs," said the magistrate. "But, your honor," interposed counsel for the prisoner, "my client did not hit anybody." "Why, you admit that he fired the gun?" "Yes, but he fired in the air," explained the lawyer. "Twenty dollars and costs," repeated the judge. "He might have shot an angel." And the riotous fellow went to jail, not having the money to pay his fine.

The visiting of some of the high officials of the Atlantic Coast Line to our town has caused a good deal of speculation among our people as to the reason for their visit. While nothing is yet known, the opinion prevails that this company, that has had their foot on our neck for so long, realized that their grasp would soon be broken on account of the building of the extension of the Gainesville and Gulf, and their visit was to counteract this movement. But it is too late. Twenty years of poor service will not be forgotten. The people of Brooksville are said to not only pledge their undivided support to the Gainesville and Gulf but to emphasize this by meeting any reasonable demand of this road.—Brooksville Star.

JAP SURGERY.

The Japanese are a wonderful people, and should they continue to advance for the next ten years as rapidly as they have in the past, will be the superiors of those to whom they are indebted for their first lessons in advancement in all branches.

At the meeting of the military surgeons of the United States, held in Detroit this week, Surgeon-General Szuki of the imperial Japanese navy, delivered an address, in which he told of the methods employed by the surgeons in the navy, which is of much interest:

"Much of our success in the treatment of wounds," said Dr. Szuki, "I ascribe to the fact that before every engagement I ordered each member of the crew to bathe and put on perfectly clean underclothing. In a great many shot wounds, fragments of clothing are carried into the body and our insistence upon clean underclothing prevented many cases of blood poisoning among our wounded.

"The vision of the men who fire the guns on a warship must necessarily be of the very best if their shoes are to count. Before every engagement the surgeons in the Japanese fleets examined carefully the eyes of all the gunners. Any of them found with slight impairment of vision were treated, and if the impairment was too grave to yield to immediate treatment, they were transferred to another station and their places filled by men whose eyes were perfect. And, too, during engagements every battery crew was supplied with water in which a one per cent solution of boracic acid had been mixed to wash out their eyes when they became affected by powder, smoke or dust. We also issued to every man in the fleet, before going into action, cotton with which to plug his ears and thereby prevent rupture of the ear drums by the concussion of the gun fire."

The men, he said, were always furnished warm clothing in the winter, and they never had a case of frost bite during all the time before Port Arthur, and in summer they were provided with straw hats to prevent sunstroke. His address showed the complete system adopted by the Japanese to be worthy of emulation by all the powers that desire to look after the best interests of "the man behind the gun," as well as the officer in command, whom he said gave orders from the compass bridge instead of the conning tower, as he could see better and was less liable to be hit from the flying pieces of steel.

LOCAL OPTION.

The recent elections in Putnam and Volusia counties on the question of local option has made no change in the standing, as Putnam county was carried by the saloon element, and Volusia county, which has been in the line of local prohibition, decided to remain there by a very good majority. Clay county will hold an election on October 3d and it is expected the prohibition people will carry the day.

From the present outlook it has the appearance of a few counties being added to the local option column before many months.

A majority of the counties of the State are now in the local option column, known as the "dry" column, as follows:

Dry—Alachua, Baker, Bradford, Calhoun, Columbia, Citrus, DeSoto, Hamilton, Hernando, Holmes, Jackson, Jefferson, LaFayette, Lake, Leon, Levy, Liberty, Manatee, Pasco, Polk, Sumter, Suwannee, Taylor, Volusia, Wakulla, Walton, Washington—27.

Wet—Brevard, Clay, Dade, Duval, Escambia, Gadsden, Franklin, Hillsborough, Lee, Madison, Marion, Monroe, Nassau, Orange, Osceola, Putnam, Santa Rosa, St. Johns, St. Lucie—19.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

A SILLY NOTION.

The rector of St. John's Episcopal Church, Jersey City, has issued a decree against women attending church without their hats. He cites a passage of Scripture which it would seem forbids the habit, and this too sensitive and weak minister contends that "when women go to church with elaborate coifures they make a physical display of feminine charms which is distracting to the male population, and therefore they should not go without their hats."

Such silly nonsense could hardly be supposed to come from a minister who would have sufficient intelligence to deliver a sensible sermon. A woman should always look her best when at church. If she hasn't got the best she can afford, let her wear the best she has got. If her hair looks nicer than her hat, let her wear her hair in as fine style as she can make it. A man who cannot enjoy looking with modest admiration on a congregation of handsomely dressed ladies isn't fit to be in the pulpit.

SUNSTROKES.

With the return of autumn and the pastors, it will be discovered that Satan has not taken advantage even of the Thursday half-holiday.

The funny post cards are getting to be so awfully funny that they are coming into disrepute. There is always a chance to overdo a good thing.

Editor Bok of The Ladies' Home Journal says that women dress to please men. He evidently thinks that women are lacking in modesty. Some may, but others dress because it is the custom.

A book agent in Georgia was met at the gate by a farmer with a shot-gun and he inquired: "Do you want the Life of the President?" "No; it's all I can do to save my own life in this pesky country these days."

Rev. W. H. Quale of Chicago advises those who are without children to go out and borrow one. The reverend gentleman would find that people who have children have more love for them than he seems to, if he would expect even a man and woman with half a dozen could spare one. People are not all built like Bro. Quale.

PERMANENTLY CURES
CONSUMPTION, COUGHS, COLDS, BRONCHITIS ASTHMA, SORE THROAT, HOARSENESS WHOOPING COUGH AND CROUP

DO NOT DELAY

Until the drain on your system produces permanent disability. The human breathing machinery is a wonderful system of tubes and cells. To have good health it must be kept in good order. A **COLD** is considered of no importance, yet if it was known by it's proper name of **"throat inflammation,"** or **"congestion** of the lungs," its dangerous character would be appreciated. When a cold makes its appearance use at once **Ballard's Horehound Syrup** which will speedily overcome it. **WHOOPING COUGH** and **CROUP** Require Prompt Action. **SNOW LINIMENT** applied to the throat and chest gives wonderful relief, while **Ballard's Horehound Syrup** will rapidly stop the violent paroxysms of coughing. **IT IS THE ONLY COUGH REMEDY THAT WILL POSITIVELY CURE WHOOPING COUGH AND CROUP.**

BEST FOR CHILDREN

THE HOTEL CHILD.

Dangers That Beset the Luckless Offspring of Restless Parents.

It is not the material aids to existence which are the bane of the hotel child; it is the mental and spiritual attitude accompanying this life which is to be deprecated. It destroys a democratic spirit through emphasizing the difference between the servant and the served, it exaggerates the power of money, fosters a spirit of dependence and unfits the pampered individual for any other kind of life, and, worst of all, in a child so brought up there can be no understanding or love of home. There may be some future for the child who knows nothing of art, some function for the one to whom literature makes no appeal and who is not sensitive to music, but there is no place in the state for the man who has neither initiative, self reliance, patriotism nor love of home. He is a social menace, a disease. The community is better off without this satellite of the manager, parasite of the bell boy and source of supply for the waiter.

If there is one child in our community who is superfluous it is the hotel child. As places for temporary occupation by homeless and childless adults hotels are to be tolerated, but as residences for children they are without the possibility of excuse.—Miss Martha S. Bensley in Everybody's Magazine.

FIVE MINUTES.

Under Some Circumstances It Seems a Very Long Time.

In a murder trial before a western court the prisoner was able to account for the whole of his time except five minutes on the evening when the crime was committed. His counsel argued that it was impossible for him to have killed the man under the circumstances in so brief a period, and on that plea largely based his defense, the other testimony being strongly against his client.

When the prosecuting attorney replied, he said: "How long a time really is five minutes? Let us see. Will his honor command absolute silence in the courtroom for that space?"

The judge graciously complied. There was a clock on the wall. Every eye in the courtroom was fixed upon it as the pendulum ticked off the seconds. There was a breathless silence.

We all know how time which is waited for creeps and halts and at last does not seem to move at all.

The keen witted counsel waited until the tired audience gave a sigh of relief at the close of the period, and then asked quietly:

"Could he not have struck one fatal blow in all that time?"

The prisoner was found guilty, and, as it was proved afterward, justly.

Adventures of a Bank Note.

A lady passing down the Rue Richelieu had the misfortune to lose a pocketbook containing, among other valuables, a 1,000-franc note. The pocketbook was picked up by a chair mender named Renaud, who lives at Montreux. He placed it very carefully in his pocket and proceeded home. It is not often that a chair mender has occasion to change a note for that amount, and Renaud, recognizing the impossibility of turning it into gold without defection, agreed with a friend to do the business for the consideration of 100 francs. This friend, Lucien Mathern, also a chair mender, was in his turn filled with apprehension. The difficulty was solved with the aid of a horticulturist named Simonnet, who kindly consented to buy himself a horse for 300 francs and return the change. Renaud was thus richer by 600 francs. All might then have gone well if, two days later, it had not been discovered that the horse had been stolen from a dealer at Meaux. This led to the arrest of the trio, and later in the day the police put their hands on the horse thieves.—Paris Messenger.

A Dark Dungeon.

About the middle of February, 1862, while in winter quarters, General Naglee of Pennsylvania, who was a strict disciplinarian, was in command of the First brigade, of which the Second New Hampshire was a part. He thought the guardhouse of the Second regiment too comfortable quarters for prisoners and ordered Colonel Marston, who later won fame as a soldier, lawyer and statesman, to build a dungeon without so much as a crack or opening anywhere, so that it should be perfectly dark. The dungeon was built with four solid walls, and one day General Naglee came over to inspect it. He was accompanied by Colonel Marston. "Where is the entrance," said the general, "and how do you get anybody into it?" "Oh," said Colonel Marston, "that is not my look-out. I simply obeyed your orders."

An Accident.

Small Tommy, being reproved by his mother for some misdeed, showed his displeasure in his face.

"Why, Tommy," said his mother, "aren't you ashamed to make a face at me?"

"Yes, mamma," replied the little fellow, "but I couldn't help my face

Lieutenant General Stoessel, who commanded the Russian forces at Port Arthur, is suffering from a stroke of paralysis which affects his entire left side.

The case of Frederick A. Peckham, of New York, who was arrested in connection with the cotton report scandal was today indefinitely postponed. Peckham is still under $10,000 bail.

Captain L. Bentley Mott, United States military attache, arrived in St. Petersburg today to be received in farewell audience by the emperor. Major William W. Gibson succeeds Captain Mott.

The official bulletin issued today at Berlin announced that two new cases of cholera and no deaths had been reported from noon yesterday to noon today, making the totals 256 cases and 97 deaths.

The Scottish Rite Masons will conclude its special communication at Nashville, Tenn., tonight, when the thirty-second degree will be conferred for the first time in Tennessee. Representatives have attended this communication from 15 states.

Union compositors to the number of about 200 employed in job printing offices at Buffalo, N. Y., which have not agreed to the eight-hour day demanded by the Typographical union, went on a strike today. The strike does not affect the newspaper offices.

A dispatch from Johnson City, Tenn., says that arrangements have been perfected for transferring 500 veterans from the Soldiers' Home at Leavenworth, Kans., to the one in East Tennessee. The latter institution will then have 1,700 inmates.

The two hundred and seventieth academic year of Harvard college was begun today. Just what the numbers of the various classes will be cannot be determined for several days, but it is believed that the entering class will be one of the largest in the history of the college.

A business failure in New York and domestic infelicity are declared to be responsible for the filing yesterday by George R. Peare, of the coffee brokerage firm of Peare & Whitcomb, of a voluntary petition in bankruptcy. The petition sets forth debts of $61,-849 and assets of $110.

Yale university opened in all departments today for the college year. The registration of the entering classes indicated a general increase in enrollment though the number of new students is not expected to be exceptionally large. The total attendance at the university is estimated at about 3,100 for the year.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and $1; guaranteed. Trial bottle free.

Youth Commits Suicide.

Columbus, O., Sept. 29.—Frank Hallwood, aged 16 years, son of Henry S. Hallwood, inventor of the Hallwood cash register, committed suicide early today by shooting himself through the head with his father's revolver. The boy was a pupil at the Douglett's avenue school, but had been very much disgusted because his parents are said to have insisted that he should continue his studies instead of going out to work.

Petition to Summons the Storthing.

Christiana, Norway, Sept. 29.—A resolution signed by ten deputies was introduced in the storthing at today's session proposing, firstly the summoning of a constituent storthing before the middle of November to decide on the future form of the Norwegian government and secondly, that a final decision of the matter be postponed until after the elections of 1906.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Md., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

Assassanited While Eating Supper.

Waycross, Ga., Sept. 29.—David H. Murray, a well-known citizen of Ware county, was assassinated at his home at Milwood, in this county. Murray was shot in the back of the head with a double-barreled shotgun, which nearly tore the head from the body. The assassin fired through a hole in the door at Murray while he was seated at his table eating supper, and made his escape. The dead man was about 38 years old and leaves a widow and one child. He was under bond in connection with the murder of a young man, named Horace Roberts, in this county some two years ago.

Election Judge Arrested.

Cleveland, O., Sept. 29.—A warrant was today issued for the arrest of Michael Ryan, a Republican judge of elections, who is charged wth fraud while acting in his official capacity during the recent Republican primaries in precinct A of the twentieth ward. It is said that Ryan checked off the names of 36 registered electors who did not vote at those primaries, to account for 36 marked ballots which were placed in the box in excess of the number actually cast. It is asserted that the names of several dead men were included in the list of voters made out by Ryan. Ryan is now in custody of the officers.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostrate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostrate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. W. McCollum & Co.

Higher Commissions on Grain Trade.

New York, Sept. 29.—The question of higher commission rates on grain trades is being agitated by members of the produce exchange and will come up for discussion at a meeting in the future of the grain trade. It is believed that if rates just double what they are now were adopted just as much business could be done. At present traders get $12.50 per 10,000 bushels for non members and $6.50 per 10,000 bushels for members. At the rates proposed, they would get $25 per 10,000 bushels for non members and $13 for members.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

Vidal, which occurred in this city.

W. A. Strickland of Paradise was in the city yesterday. He came to see his son, Milton, who had the misfortune to lose an eye a few weeks ago by a piece of flying steel while driving a nail. The patient was brought to this city a few weeks ago, when the impaired member was removed. Friends will be gratified to learn that the patient is resting very nicely and will probably be enabled to return to his home in a short time. While in the city he is at the Pearce House.

Some Fine Fruit.

W. P. Moseley, who owns a grove near Alachua Sink, brought to this city Thursday some specimens of as fine grapefruit as were ever grown in this section. The fruit, while not as large as some, is uniform in style, very even, sweet, and of delicious flavor. Mr Moseley's crop is well matured, but he complains that he will be compelled to harvest it earlier than desired on account of some persons relieving the trees in his absence.
